RELEVANT EXPERIENCE & DEMONSTRATED CAPABILITY

PROGRAM MANAGEMENT | GOVERNANCE | MODERNIZATION | STAKEHOLDER ENGAGEMENT

HHS OCIO | CYBERSECURITY STRATEGY & ENGAGEMENT SUPPORT

CLIENT: U.S. Department of Health and Human Services, Office of the Chief Information Officer

ROLE: P3 corporate subcontractor supporting the CSESS prime contractor.

SCOPE: Program oversight, governance coordination, strategic planning, workflow modernization, executive reporting, dashboards, and enterprise communications.

OUTCOME: Standardized workflows and reporting, strengthened accountability and visibility, and reduced manual administrative requirements.

HHS OCIO | ENTERPRISE STRATEGY & COMMUNICATIONS

CLIENT: U.S. Department of Health and Human Services, Office of the Chief Information Officer

ROLE: Representative experience of P3 personnel in task-area leadership roles.

SCOPE: Enterprise cybersecurity strategy, stakeholder engagement, communications, Zero Trust and post-quantum cryptography coordination.

OUTCOME: Helped align stakeholders around priorities and execution requirements and improve cross-functional coordination.

DOE | STRATEGIC COMMUNICATIONS & IT MODERNIZATION

CLIENT: U.S. Department of Energy, Office of the Chief Information Officer

ROLE: Representative prior professional experience of P3 leadership, not a P3 corporate contract.

SCOPE: Cross-functional IT modernization coordination across 17 National Laboratories, executive communications, governance, and cloud-services engagement.

OUTCOME: Supported clearer communication, coordination, and enterprise modernization planning.

REPRESENTATIVE CAPABILITIES IN PRACTICE

STRATEGY

Developed enterprise cybersecurity strategic priorities and tactical plans using stakeholder surveys and facilitated working sessions to align objectives and implementation activities.

GOVERNANCE

Facilitated federal working groups and supported IT and non-IT investment reviews, prioritization, and structured program oversight.

EXECUTION

Developed Power Automate workflows and SharePoint tracking to streamline administration, improve accountability, and reduce manual coordination and follow-up.

VISIBILITY

Built Power BI dashboards and reporting views to consolidate deliverable status, performance, and portfolio information for leadership oversight.
